

RENAISSANCE SCHAUMBURG CONVENTION CENTER HOTEL **PRODUCTION GUIDELINES**

FOR GENERAL CONTRACTORS, SHOW MANAGEMENT, PRODUCTION AND AUDIO VISUAL COMPANIES

The wide spectrum of conventions, trade shows, exhibits and other activities that are staged at the Renaissance Schaumburg Convention Center Hotel require the establishment of certain guidelines relative to coordination of services, liability and safety.

These guidelines apply to all General Contractors, Show Management, Production and Audio Visual companies working in the Renaissance Schaumburg Convention Center Hotel whether the event is open or closed to the public. Please read the entire document, forward all required proof of insurance, sign the last page and return via fax as described at least 10 days prior to your first load-in.

Thank you for your cooperation. We look forward to a successful show.

Fog/Haze machines will require additional fire watch services. **THIS IS NOT A COMPLIMENTARY SERVICE OF THE HOTEL AND CONVENTION CENTER.** Pending these charges will be applied to the master account of Show Management.
- 1.13. The General Contractor, Show Management, Production or AV Company accepts responsibility for any costs assessed to inspect or replace sprinkler heads or smoke sensors that have been discharged in the course of an event. The General Contractor, Show Management, Production or AV Company will be held responsible for any costs or fines assessed by the Fire Department for a false alarm resulting from the un-authorized discharge of pyrotechnics or smoke.
- 1.14. The General Contractor, Show Management, Production or AV Company must adhere to all codes, rules and guidelines set forth in the "Event Planning Guide, Fire & Safety Guidelines and Other Regulations" document, as provided by the Village of Schaumburg.
- 1.15. A Material Safety Data Sheet (MSDS) is required for any chemicals utilized by a General Contractor, Show Management, Production or AV Company. These must be present at the Fire Marshal inspection, prior to the show opening and remain onsite for the duration of the show.

2. LOAD-IN/LOAD-OUT INSTALLATION/DISMANTLING

- 2.1. The General Contractor, Show Management, Production or AV Company will work with the Hotel and Convention Center's Event Manager to outline the exact days and times for both load-in and load-out. These times must be adhered to. Additional charges will apply per hour for each additional unscheduled hour.
- 2.2. The installation and construction of wooden stages may not be done unless visqueen is installed under the entire area that the stage is going to encompass. No nails or bracing wires used in production set-ups may be attached to the building. No painting, mixing of chemicals or explosive materials is allowed inside the Hotel and Convention Center.
- 2.3. The schedule of times and number of vehicles used for load-in/out, production or entertainment events must be submitted in writing to the Event Manager a minimum of ten (10) days prior to move-in. There can never be more than 3 vehicles per hall (maximum 7 vehicles for the entire center) in the convention center at one time unloading.
- 2.4. Any tape applied to floors, carpets, etc., must be approved by management in advance. Hotel and Convention Center property must be returned to the condition in which the General Contractor, Show Management, Production or AV Company received it. This includes the removal of all refuse. All charges for cleaning and repair will be the responsibility of the General Contractor, Show Management, Production or AV Company. The use of packaging tape, duct tape and electrical tape is prohibited on floor surfaces or walls.
- 2.5. All outside contractors hired by Show Management, Exhibitors, General Contractors, Production or AV Companies will adhere to all applicable rules and regulations. Any damage incurred in their specific work areas will be the responsibility of Show Management, Exhibitors, General Contractors, Production or AV Companies.
- 2.6. The General Contractor, Show Management, Production or AV Company is responsible for the traffic control of vehicles scheduled by them for load-in/out. Parking of trucks or trailers overnight at the loading docks or on Hotel and Convention Center property is prohibited without prior consent of the Director of Event

- Management. Unless a trailer is being loaded or unloaded, it must be removed from Hotel and Convention Center property.
- 2.7. For all load-in & load-out, the presence of the hotel's dock-master will be required. When using any of the hotel's ballrooms/meeting-space instead of the Convention Center for the event, a load-in/load-out supervisor is required in addition to the mentioned dock-master. **PLEASE NOTE THAT NEITHER SERVICE IS A COMPLIMENTARY SERVICE OF THE HOTEL AND CONVENTION CENTER.**
 - 2.8. All forklifts, or any other mechanical lifts are required to run on propane or electrical power, no combustible engines will be allowed to run in the convention center or ballroom spaces. All lifts are encouraged to have white tires to minimize markings on the floor. All lifts are to be operated by trained personnel, with current valid operators licenses.
 - 2.9. When exhibits/booths/registration areas take place/are set up in the hotel's ballrooms, meeting space and all foyer space, the following guidelines must be followed in order to maintain the cleanliness, style, and elegance of the space. Failure to follow these guidelines could result in a penalty to the outside General Contractors, Show Management, Production or AV Company based on the wear that the Ballroom suffered.
 - 2.9.1. No pallets and/or pallet-jacks are allowed on the carpet in the hotel's ballrooms/meeting space and all foyer space, unless proper protection is in place and all wheels have been checked and cleaned from any type of dirt, oil or grease that may have been transported with the equipment. The assigned Event Manager can assist in determining what includes proper protection.
 - 2.9.2. Heavy duty visqueen would be considered proper protection for all transportation & placement of pallets, skids, or any other material that may cause damage or abuse to the hotel's carpeting.
 - 2.9.3. All service doors must be propped open to avoid damage to the edges of the door or the threshold. If a shipment is too large to fit through the standard back doors, it must be brought through the elephant door (if available) or unstacked in the corridor and transported in piece by piece. If using the elephant door, proper visqueen floor coverage must be placed down as noted in point #2.9.2.
 - 2.9.4. It is the General Contractor/Show Management's responsibility to remove the protective layer (i.e. visqueen covering etc.) and dispose of them properly once the move out has been completed.
 - 2.10. All production equipment delivered to meeting rooms will be transported through service corridors. Equipment or road boxes are not to be transported through the public areas.
 - 2.11. Audio visual equipment to be used in any guest rooms must be delivered, set-up and operated by Renaissance Schaumburg Convention Center Hotel personnel. The General Contractor, Show Management, Production or AV Company is responsible for all labor costs that may result. **THIS IS NOT A COMPLIMENTARY SERVICE OF THE HOTEL AND CONVENTION CENTER.**
 - 2.12. No equipment is allowed in the foyer areas without consent from the Event Manager.
 - 2.13. Failure to remove all items from the convention center, foyers, dock space, parking lot and all other areas of the Renaissance Schaumburg Convention Center Hotel by the end of the contracted lease time will result in financial damages charged back to the General Contractor, Show Management, Production or AV Company.
 - 2.14. Foyer doors are to remain closed while loading is occurring in order to prevent noise, fumes and climate change in the public foyer space.
 - 2.15. All exhibitors must load in/out through the designated back entrance. Only items that are carried by the exhibitor may be brought in through public entrance. No items with wheels may be brought in through the public entrance.
